

HIPAA

Last modified: 28 August, 2024 ([view archived versions](#))

Changes: Changed HQ address and phone number.

HIPAA compliant hosting option

HIPAA, the Health Insurance Portability and Accountability Act, sets the standard for protecting sensitive patient data.

We work with several hosting partners that provide HIPAA compliant hosting services and are able to fulfil physical and technical requirements regarding access control as well as network and transmission security policies.

If you have any questions about our Services and HIPAA compliant hosting infrastructure, please contact us:
